PRODUCT CATALOG

Ferrochi Arms is a shotgun manufacturer that was established in the Üzümlü/Beyşehir district of Konya in 2019 to bring its traditional shotgun production and repair experience of more than 40 years to the business world and to offer professional and uncompromising on its quality solutions to the demands of our valued customers. Our company, which has started to show itself in the world market with a stronger and more professional export policy, offers the best quality products at the most affordable prices to all its customers around the world. As Ferrochi Arms, we offer all tests of our products before delivery to our customers with video calls and photographs in line with our customer's requests, and we do not send any products that are not approved to our customers. With our R&D studies and experiences to bring a different perspective to the world of shotguns, we work hard to create designs and innovations that will resonate all over the world.
